What is the Group Admin Area?

The Admin section of your Group will allow you to modify various parts of your Group. For example; if you decide after you have already set up your Group that you would like to set a Blog up for this Group or maybe decide you would actually like to have a Forum for this Group.

Settings – Enable the Group Forum and modify the Privacy and Email Subscriptions

Photo – Modify an image to use as an avatar for this group.

Members – View the members and change their status.

Group Blog – Enable the Group Blog and modify the Privacy and Member Options

Forum - Access to group Forum

External Blogs – Modify RSS feed URLs for blogs you would like to attach to this group.

Delete Group – Does exactly what it says!
